To a blender add 8 oz frozen pineapple chunks, 4 oz chilled coconut water and 4 oz chilled unsweetened coconut milk; blend until smooth and frothy (consistency should be pourable; adjust with more liquid if too thick). Transfer mixture to a 16 oz glass.

Sift one teaspoon Rishi Matcha into a chawan (matcha bowl). Whisk with 2 oz (60 ml) filtered water (cooled to between 160-180°F\*). Top blended ingredients with prepared matcha; allow customer to stir/combine.
